

The Golden Hills Global Leader Program (GLP)

Day-to-day Living	
Health Care	Escort students to Walk-In Clinics and Family Doctor appointments.
Life Check	Involved students are consulted individually by the supervisor and a solution is formulated together
School Attendance	All absences and/or tardiness is reported to the student's parent(s).
Special Meals	In addition to the daily meals, special home-cooked meals are prepared for the students weekly.
Discipline and Routine Monitoring	Drop off and pick up is provided for students. Travel/flight planning services offered to parents. Computer usage is regulated and phone usage restriction is enforced during designated study time
Individual Counselling	Counseling with the supervisor is available for students at all times.
Special Activities	Monthly movie outings and birthday celebrations.
Post-graduation Counseling	Counseling and assistance provided post-graduation.
Academics	
Report Card	A summary of the Parent-Teacher Interviews will be sent to parents, alongside the student's report card
Organized Productivity	Sessions include: week day Study Time, daily News Time, weekly PowerPoint presentations.
Course Selection Counseling	Course selection assistance and counseling. For graduating students: Strategic course selection counseling 3imed to meet the requirements for applications to post-secondary institutions.
Academic Coaching and Career Counseling	Explanation and guidance through the American and Canadian University application processes. Career counseling and application assistance is available to students, during which activities and/or certifications required or recommended by the university of interest will be planned for in advance
Supervision Participation in Parent-Teacher Interviews	For middle school students: The supervisor will attend all 2 Parent-Teacher Interviews held in November and February. For high school students: The supervisor will attend all 3 Parent-Teacher Interviews held in October, December and March. The director attends weekly meetings with the school staff to discuss student behaviour and progress. Any issues and the interventions that followed to resolve the Issues are reported to parents in the monthly reports.
Monthly Lifestyle and Academic Reports	Monthly reports will be sent to parents regarding academics, life in the dormitories and social lives at school
Correspondence with Parents	Constant communication between the supervisor and parents via social network services (SNS).
